Kawasaki Life and Environment Office, which currently covers some districts in Kawasaki-ku and all of Saiwai-ku, will close on March 31, 2019, due to the demolition of the Tsutsumine Waste Treatment Center, on whose property the Office is currently located. After April 1, 2019, all of Kawasaki-ku will be under the coverage of Nambu Life and Environment Office, and Saiwai-ku will be under Nakahara Life and Environment Office.

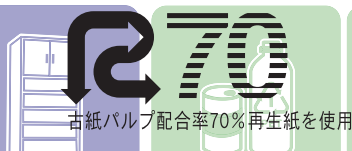

According to this office, integration collection days for waste and recyclables will change in Kawasaki-ku and Saiwai-ku considering the balance of the collection amount for each day of the week. (There is no change in the types of waste and recyclables collected and their collection frequency.)

※ The office name will change on April 1, 2019.
